

REACH REPRODUCTIVE HEALTH

Our Calling

Reach Reproductive Health was formed to fill the gap where life-affirming intervention and care reaches into human crisis. **God became a man** and came down to us when we were at our worst, will **WE** now reach out to **THEM** in their worst moment? The enemy has plans to steal, kill, and destroy their lives; **Reach was formed** ***"... for such a time as this"*** (Esther 4:14).

OUR MISSION

To see parents empowered, babies saved, & families come to Christ.

We provide medical care, education, and support at no cost, empowering patients to make life-affirming decisions about pregnancy, sexual health, and Christ's hope for their future.

Our Services

CRISIS INTERVENTION

Patient Advocacy- because an advocate who will equip and empower them is what they need.

ABORTION RECOVERY

Because healing is needed, and 50% of women who have had abortion will have another if there is no healing. Because women and men should never feel alone or ill-equipped in raising their children.

A FRESH START

Diapers, car seats, baby supplies, rent/ utility assistance and other necessary material items to meet the physical needs of the family.

LIFE AUDITIONS

Pregnancy Testing & Ultrasounds – Because every parent deserves to know the full reality of the child in her womb, and their babies deserve a chance to audition for their lives.

HEALTH RISK AVERSIONS

STI Screening & Treatment – to avoid complications if she should decide to get an abortion. This speaks love.

FATHERHOOD ADVOCACY & EQUIPPING

According to a national survey of women who had an abortion, women are most likely to discuss their decision to terminate with the father of the baby. The father of the baby was also the top selected answer for who had the greatest influence on the decision, far outweighing the influence of medical professionals and the woman's mother. Empowering the father empowers the mother.

JESUS

Because LIFE is found in Him.

Impact by the numbers.
